Tuesday evening

My own dear wonder-heart!
Just a line to you on this last
evening that I am at Isleport.
You will probably receive this on
Friday - a few hours before I
reach N.B. - Dearest I want to
tell you what an inspiration &
help & strength your letters have
been to me! What a revelation
of love - of character - It seems
as tho we have together opened
the doors of a wonderful world -
It is here - now - we live in it - It
is spiritual - wonderfully calm -
peaceful - yet full of infinite
music & poetry & beauty - How
intangible & yet eternal it is! We
know it - & it is ours forever.
